2026-10-28 14:35
2026_ECPR-PragueSchool_programme_v10-28cdocx

General Information

Event Dates:	**October 29–31, 2026**
Event Venue:	**Cubex Centrum Prague,** Na Strži 2097/63
Endorsed by:	**Czech Society of Cardiology** & **EuroELSO**
Under the auspices of	**General University Hospital in Prague**
Chair of the Scientific and Organizing Committee:	**Jan Bělohlávek**, MD, PhD, Professor of Medicine
Organizing Agency:	GALÉN – SYMPOSION s.r.o.

Registration Desk Opening Times

Thursday	October 29	9:30 – 19:00
Friday	October 30	8:00 – 20:00
Saturday	October 31	7:30 – 18:00

Programme Scheme

October 29	Debate Room	October 29	Training Rooms 1–5
		11:00–12:30	Workshops
		13:00–14:30	Workshops
14:30–15:40	How I learned ECPR	14:40–15:55	Workshops
16:00–17:30	ECPR for beginners	16:00–17:30	Workshops
17:30–18:30	ECPR case report championship	17:30–19:00	Workshops
19:00–21:00	Prehospital ECPR arena		

October 30	Main Hall	October 30	Small Hall
9:00–10:30	Anticoagulation in ECLS minimasterclass	9:00–11:00	An International Data Dictionary for Prehospital ECPR
11:00–11:05	ECPR Prague School Official Opening		
11:05–12:20	Plenary Session 5 years of Prague ECPR School – where we are and where to go?		
12:30–13:30	Getinge Lunch Symposium		
14:00–15:30	ECPR starts in prehospital phase		
15:30–17:00	ECPR on arrival/admission		
17:00 – 17:30	Meet the Mentor • Afternoon tea (MtM Corner)		
17:30–19:00	ECPR patient on ICU – a challenge for everybody		
19:00–20:00	To bleed or not to bleed – anticoagulation in ECPR		
20:00–22:00	Dinner & Networking		

October 31	Main Hall	October 31	Small Hall
8:00–8:55	CARL. Breakfast Symposium	8:00–8:55	Abbott Breakfast Symposium
9:00–10:00	Cardiogenic shock SCAI E	9:00–10:00	Paediatric ECPR I.
10:00–10:30	Posters Session 1 (foyer)	Meet the Mentor • Coffee Corner (MtM Corner)	
10:30–11:30	Mechanical complications of MI – what is the role of ECMO/Impella/ECPR?	10:30–11:45	Paediatric ECPR II.
12:00–13:00	Johnson & Johnson MedTech Lunch Symposium	12:00–13:00	Lifemotion Lunch Symposium
13:00–14:00	Massive pulmonary embolism – ECPR works, what do you say?	13:00–14:00	We started recently – what to do and avoid?
14:00–15:00	Equity of care in ECPR	14:00–15:00	ECPR simulations tutorial – cooperation with industry needed
15:00–15:30	Posters Session 2 (foyer)		
15:30–16:30	Cardiomyopathies as causes of refractory cardiac arres	15:30–16:30	We care for our patients since the start till home...
16:30–17:30	Ethical aspects in ECPRt	16:30–17:30	Reperfusion in ECPR

Thursday October 29 – Pre-congress Workshops

Training room 1

11:00–12:30 **Poznan SIM center simulation 1 "HOW TO BE BETTER IN ECPR"**
Marek Dąbrowski, Mateusz Puślecki, Agata Dąbrowska, Marcin Ligowski

12:30–13:00 *Snack break*

13:00–14:30 **Poznan SIM center simulation 2 "HOW TO BE BETTER IN ECPR"**
Marek Dąbrowski, Mateusz Puślecki, Agata Dąbrowska, Marcin Ligowski

16:00–19:00 **Barcelona SIM Center**
BCN SIM-BASED ECPR MEGACODE
and ECPR management with high-fidelity simulation
Jordi Riera del Brio, Eduard Argudo Serra, Maria Martínez-Martínez

Training room 2

11:00–12:30 **Prague ECPR center simulation and training 1**
workshop supported by Medtronic
Daniel Rob, Jan Pudil, Mikuláš Mlček, Anna Valeriánová, Milan Dusík, František Mlejnský

12:30–13:00 *Snack break*

13:00–14:30 **Prague ECPR center simulation and training 2**
workshop supported by Medtronic
Daniel Rob, Jan Pudil, Mikuláš Mlček, Anna Valeriánová, Milan Dusík, František Mlejnský

16:00–17:30 **The Simulator Company Training 1**
Next-Generation Clinical Simulation: The Complete Portfolio Masterclass

17:30–19:00 **The Simulator Company Training 2**
Next-Generation Clinical Simulation: The Complete Portfolio Masterclass

Training room 3

11:00–12:30 **Getinge ECMO Training Workshop 1**
Jan Bělohlávek and the Pratico Santé Simulation Team

12:30–13:00 *Snack break*

13:00–14:30 **Getinge ECMO Training Workshop 2**
Jan Bělohlávek and the Pratico Santé Simulation Team

14:40–15:55 **ECPR strategy made by Lifemotion**

16:00–17:30 **Johnson & Johnson MedTech Training 1**

17:30–19:00 **Johnson & Johnson MedTech Training 2**

Training room 4

11:00–12:30 **ECMO Training Village Zurich 1**
Martin Oliver Schmiady, Sebastian Bründler

12:30–13:00 Snack break

13:00–14:30 **ECMO Training Village Zurich 2**
Martin Oliver Schmiady, Sebastian Bründler

16:00–17:30 **Heidelberg UH Prehospital eCPR workshop 1**
Stephan Katzenschlager, Othmar Kofler, Philipp Schulz, Frank Weilbacher, Heimo Adam

17:30–19:00 **Heidelberg UH Prehospital eCPR workshop 2**
Stephan Katzenschlager, Othmar Kofler, Philipp Schulz, Frank Weilbacher, Heimo Adam

Training room 5

11:00–12:30 Paediatric ECPR Training Village – OH CA

Current experience
Anne-Marie Guerguerian

OH Cardiac Arrest – simulation

How to do it?
Robert Jan Houmes

12:30–13:00 *Snack break*

13:00–14:30 Paediatric ECPR Training Village – In-Hospital CA

Current experience
Ajay Desai

In-Hospital Cardiac Arrest – simulation

How to train your team?
Uri Pollak

14:40–15:55 Meet the Expert! – Case Based Discussions

The Difficult Cannulation
Michael McMullan, Chris Harvey

LV Distension – When and How Should We Unload?
Shyam Sathanandam, Ravi Thiagarajan

Special circumstances
Pavla Pokorná, Jonas Berner

Would You Cannulate This Child?
Malaika Mendonca, Peta-Maree Alexander

16:00–17:30 & 17:30–19:00 Sudden Cardiac Arrest and the Journey Back to Life

Opening ..... 5'

Sudden Cardiac Arrest in Sports
Tereza Frýbová, Vladimír Tuka ..... 10'

Prague Marathon Finish Time: 1 Year and 6 Hours
Katarína Veselá ..... 10'

Kilometer One: When the Real Race Began
Matěj Smělík ..... 10'

Patient Interview After ECPR
Tereza Frýbová, Vladimír Tuka ..... 10'

Athlete Living with Heart Failure
Josef Holub ..... 7'

Life at Full Speed: When the Heart Says No, an LVAD Helps You Go
Jana Frantová ..... 10'

From Critical Condition to an Active Life: Return of an LVAD Patient Following Severe Complications
Markéta Koudelková ..... 10'

Moderated Discussion
Patients from Brno and Prague ..... 12'

What Does Returning to Life Mean to You?
All patients ..... 6'

Thursday October 29

Debate room

14:30–15:40 How I learned ECPR

Ingrid Anna Maria Magnet, Waqas Akhtar

Austria – based on a strong rock of CPR service
Ingrid Maria Magnet ..... 20'

England – we are systematic, we call for the whole UK
Waqas Akhtar ..... 20'

Prague – we just do the thing
Daniel Rob ..... 20'

Round table discussion ..... 10'

15:40–16:00 *Coffee break*

16:00–17:30 ECPR for beginners

NEXT GENERATION

Daniel Rob, Kevin Rixmann, Ajay Desai

First – approach your EMS and communicate
Florian Ettl ..... 15'

ECPR initial steps – decision to cannulate and procedure
Kevin Rixmann ..... 15'

ECPR with severe comorbidity: YES or NO?
Peter Paul Roeleveld ..... 15'

On ICU – 72 hours decide the outcome
Milan Dusík ..... 15'

Post-discharge care as a system
Tamas Alexy ..... 15'

Round table discussion ..... 15'

17:30–18:30 ECPR case report championship

NEXT GENERATION

Jan Bělohlávek, Jason Bartos, Mirjana Cvetkovic

Cracow I.
Piotr Bielański, Anna Maria Kwinta ..... 10'

Madrid
Xabier Freire-Gómez ..... 10'

Florence
Alberto Marabotti, Chiara Marchetti ..... 10'

London – Great Ormond Street Hospital
Nidale Darjani ..... 10'

Cracow II.
Anna Maria Kwinta ..... 10'

London – Royal Brompton Hospital
Alex Rosenberg ..... 10'

19:00–21:00 Prehospital ECPR arena

(organized in synchrony with Prehospital ECPR Collaboration group)

Sean Scott, Alice Hutin, Dinis Dos Reis Miranda, Jason Bartos, Jan Bělohlávek, Daniel Rob, Eduard Argudo Serra
Europe, Australia, USA, Japan...

Prehospital ECPR map and introduction of systems
Alice Hutin ..... 8'

ECPR as a System, Not a Procedure: Building an Integrated National Refractory Cardiac Arrest Program in Qatar
Ibrahim Fawzy Hassan ..... 8'

Regensburg – 10 years of experience
Dirk Lunz ..... 8'

RACE Prague trial – prehospital cannulations in the streets of Prague
Daniel Rob, Jan Bělohlávek ..... 8'

Round table discussion on available prehospital ECPR systems
Sean Scott, Jason Bartos, Jan Bělohlávek and others

Friday October 30 – Pre-congress Workshops

MAIN hall

9:00–10:30 Anticoagulation in ECLS minimasterclass

NEXT GENERATION

Anna Mara Scandroglio, Jordi Riera del Brio, Matthias Lubnow

Anticoagulation in ECPR – what showed the survey
Sasa Rajsic ..... 15'

Antiplatelet therapy in ECPR/ECLS – is ECLS an expensive anticoagulant?
Nina Buchtele ..... 15'

Sepsis and ECMO – deadly combination
Jordi Riera del Brio ..... 15'

Laboratory values on admission in ECPR – any considerations for starting....heparin, ASA, clopidogrel, ticagrelor?
Petra Kmoníčková ..... 15'

Transition from ECMO to VAD – coagulation/anticoagulation measures
Christophe Vandenbriele ..... 15'

Thrombosis in extracorporeal circuit – is the risk real in ECPR patients?
Matthias Lubnow ..... 15'

SMALL hall

9:00–11:00 An International Data Dictionary for Prehospital ECPR

Adam Gottula, Dinis Dos Reis Miranda, Tamas Alexy, Kevin Rixmann

Welcome
Jan Bělohlávek ..... 2'

Welcome
Adam Gottula ..... 3'

Where we stand
Adam Gottula ..... 10'

Open definitions
Charles Bruen, Dinis Dos Reis Miranda ..... 30'

Where should the dataset live?
Adam Gottula ..... 45'

Publication, authorship and launch programs
Adam Gottula ..... 15'

Parking lot
Adam Gottula, Jan Bělohlávek ..... 10'

Ratification vote and close
Adam Gottula, Jan Bělohlávek ..... 5'

Friday October 30 –MAIN CONGRESS

MAIN hall

11:00–11:05 **ECPR Prague School Official Opening & Welcome notes**
Jan Bělohlávek, Jason Bartos, Mirjana Cvetkovic

11:05–12:20 **Plenary Session**

5 years of Prague ECPR School – where we are and where to go?
Jan Bělohlávek, Jason Bartos, Ajay Desai

1000 treated ECPR patients...
Jason Bartos ..... 15'

Prague OHCA study – what we learned so far...
Jan Bělohlávek ..... 15'

Designing a cardiac arrest system that includes ECPR
Adam Gottula ..... 15'

ON SCENE study – prehospital HEMS in action
Dinis Dos Reis Miranda ..... 15'

Round table discussion ..... 15'

12:30–13:30 **Getinge Lunch Symposium**

eCPR in 2026: evidence and experience for better outcomes?
Jason Bartos, Jan Bělohlávek, Sean Scott

How the system in Minneapolis evolved over years
Jason Bartos

Prague ECPR system – a hybrid is the choice?
Jan Bělohlávek

Technical issues play the difference in prehospital ECPR
Sean Scott

Panel discussion

Lunch break

14:00–15:30 ECPR starts in prehospital phase

María Martínez Martínez, Alberto Marabotti, Anne-Marie Guerguerian

Initial assessment of the potential ECPR patient
Ingrid Anna Maria Magnet ..... 12'

Prehospital use of TEE guided cannulation
Stephan Katzenschlager ..... 12'

ECPR in Children: Should We Be More Liberal?
Mirjana Cvetkovic ..... 12'

Ventilation and Et-CO2 monitoring during CPR
Matthias Müller ..... 12'

Cannulation technique scrutinized – prehospital
Alice Hutin ..... 12'

Rhythms during CPR define outcome – evidence is strong
Alberto Marabotti ..... 12'

Round table discussion ..... 18'

15:30–17:00 ECPR on arrival/admission

Alice Hutin, Silvia Mariani, Peta-Maree Alexander

Any difference between on-site vs. in-house ECPR
Charles Bruen ..... 15'

How restrictive or liberal should we behave to offer ECPR?
Julia Coull ..... 15'

ECHO guided CPR
Frank Weilbacher ..... 15'

Every step on admission is being trained and simulated
María Martínez Martínez ..... 15'

Paediatric ECPR on Admission: How do I cannulate?
Chris Harvey ..... 15'

Round table discussion ..... 15'

17:00–17:30 *Coffee break*

NextGen • Meet the Mentor • Afternoon Tea

17:30–19:00 ECPR patient on ICU – a challenge for everybody

Silvia Mariani, Roberto Lorusso, Aparna Hoskote

Early start of neuroprognostication – how we do it
Tomáš Bouček ..... 15'

Do not forget late awakers
Jason Bartos ..... 15'

Paediatric ECPR: When Does the Physiology Trick Us?
Malaika Mendonca ..... 15'

Mechanical ventilation in ECPR
Carlos Leon Alviar ..... 15'

Et-CO2 changes define the outcome – just a story not to believe
Vojtěch Weiss ..... 15'

Round table discussion ..... 15'

19:00–20:00 To bleed or not to bleed – anticoagulation in ECPR – rapid fire bullets

Nina Buchtele, Sasa Rajsic, Christophe Vandenbriele, Ravi Thiagarajan

How should/or not ECPR patients be anticoagulated after CPR/ECPR
Sasa Rajsic ..... 10'

Coagulation based phenotypes in OHCA patients undergoing ECPR
Anna Mara Scandroglio ..... 10'

My ECPR patient was stented and now what?
Christophe Vandenbriele ..... 10'

How bleeding influences anticoagulation and antiaggretation strategies in CPR/ECPR
Nina Buchtele ..... 10'

Meet the Experts: Bleeding vs. Thrombosis – How Do You Actually Manage It?
Ajay Desai ..... 10'

Round table discussion ..... 10'

20:00 *Welcome reception*

Saturday October 31 – MAIN CONGRESS

MAIN hall

8:00–8:55 **CARL. Breakfast Symposium**
Targeted ECPR in clinical Practice
Dirk Lunz, Vladimír Fedorák

Temperature Control, Pulsatility and Related Aspects
Kevin Pilarczyk ..... 15'

CARL. Therapy and Clinical Cases
Peter Óvári ..... 15'

The First ECPR Centre in Turkey
Yunus Emre Özlüer ..... 15'

Discussion ..... 10'

9:00–10:00 **Cardiogenic shock SCAI E**
Agnieszka Tycinska, Andrew Higgins, Sern Lim

What happens if you do not measure cardiac output in shock
Petr Ostadal ..... 12'

Pathophysiological basis for SCAI classification of cardiogenic shock
Sern Lim ..... 12'

Phenotypes of Cardiogenic Shock after Out-of-Hospital Cardiac Arrest: The SCAI-V Classification
Roman Roy / Jan Bělohlávek ..... 12'

50 shades of cardiogenic shock, not only anterior STEMI
Jan Bělohlávek ..... 12'

Round table discussion ..... 12'

10:00–10:30 *Coffee break*

Posters Session 1 **posters in focus: 1, 2, 3, 4**
..... 3'+2' for each poster

NextGen • Meet the Mentor • Coffee Corner

10:30–11:30 **Mechanical complications of MI – what is the role of ECMO/Impella/ECPR?**
Silvia Mariani, Georg Trummer / Martin Oliver Schmiady, Steffen Desch

VSD and severe shock
Alexander Supady ..... 15'

LV free wall rupture – always futile?
Roberto Lorusso ..... 15'

Acute mitral regurgitation
Carlos Leon Alviar ..... 15'

Round table discussion ..... 15'

12:00–13:00 Johnson & Johnson MedTech Lunch Symposium

Latest Data and Guidelines in MCS

Agnieszka Tycinska, Roberto Lorusso

Cardiogenic shock treated by Impella – new analyses
Jan Bělohlávek

Intensive care for patients on MCS
Sascha Ott

Ecpella approach is a routine practice, no surprise
Roberto Lorusso

Lunch break

13:00–14:00 Massive pulmonary embolism – ECPR works, what do you say?

NEXT GENERATION

Michael Poppe, Sascha Ott, Charles Bruen

ECPR in PE evidence
Ingrid Anna Maria Magnet ..... 12'

PERT team needs an ECMO specialist
Jan Pudil ..... 12'

When the Right Ventricle Suddenly Fails: Paediatric ECPR
Peter Paul Roeleveld ..... 12'

ECPR and percutaneous embolectomy in PE – a case-based learning
Jan Bělohlávek ..... 12'

Round table discussion ..... 12'

14:00–15:00 Equity of care in ECPR

NEXT GENERATION

Ingrid Anna Maria Magnet, Jan Pudil, Stepan Maruniak

Differences simply exist....
Andrew Higgins ..... 12'

ECPR offers a lot to society
Sasa Rajsic ..... 12'

Should Every Child Have Access to ECPR?
Uri Pollak ..... 12'

Women and men undergoing ECPR – mutual difference or just misleading data?
Klaudia Sviteková/Daniel Rob ..... 12'

High vs. low volume performance in ECMO for cardiogenic shock – a message for ECPR?
Steffen Desch ..... 12'

15:00–15:30 *Coffee break*

Posters Session 2 posters in focus: 5, 6, 7, 8

NEXT GENERATION

..... 3'+2' for each poster

15:30–16:30 Cardiomyopathies as causes of refractory cardiac arrest

Eduard Argudo Serra, Anna Chaloupka, Ravi Thiagarajan

HOCM introduction and how to prevent cardiac arrest
Anna Chaloupka ..... 12'

HOCM needs CPR/ECPR – pitfalls
Agnieszka Tycinska ..... 12'

Restrictive Physiology in paediatric patients: Flow Without a Filling Heart
Uri Pollak ..... 12'

DCM needs CPR/ECPR – considerations to prevent bridge to nowhere
Sascha Ott ..... 12'

Round table discussion ..... 12'

16:30–17:30 Ethical aspects in ECPR

Roberto Lorusso, Jason Bartos, Peta-Maree Alexander

Communicate, communicate, communicate – collateral damage prevention
Kateřina Rusinová ..... 15'

The Philosophy of Care
Michael McMullan ..... 15'

Balancing Hope and Evidence: Ethics in ECPR Research
Sasa Rajsic ..... 15'

Round table discussion ..... 15'

17:30–17:40 Farewell

Jan Bělohlávek, Jason Bartos, Ajay Desai, Mirjana Cvetkovic

SMALL hall

8:00–8:55 **Abbott Breakfast Symposium**

ECPR and end-stage heart failure – a space for support

Kateřina Rusinová, Jitka Polišenská, Sasa Rajsic, Jan Bělohlávek

A hemodynamic catastrophe turned to life with continuous dignity
Jan Bělohlávek, Kateřina Rusinová ..... 20'

Supportive and palliative care starts at ICU and continues until all good...
Jitka Polišenská ..... 20'

Round table discussion ..... 15'

9:00–10:00 **Paediatric ECPR I.** NEXT GENERATION

Ajay Desai, Aparna Hoskote, Mireille Zoeteweij

Who Should NOT Receive Paediatric ECPR?
Selection, futility, comorbidity and when not to activate
Robert Jan Houmes ..... 12'

ECPR-percutaneous cannulation – Is this the future?
Shyam Sathanandam ..... 12'

ECPR in Congenital Heart Disease – One Algorithm Does Not Fit All
Single ventricle, shunts, Fontan, postoperative patients and altered anatomy
Peta-Maree Alexander ..... 12'

ECPR for Non-Cardiac Arrests
Sepsis, respiratory failure, drowning, hypothermia, trauma/toxicological causes
Sylvia Belda Hofheinz ..... 12'

Round table discussion ..... 12'

10:00–10:30 *Coffee break*

Posters Session 1 **posters in focus: 1, 2, 3, 4** NEXT GENERATION ..... 3'+2' for each poster

10:30–11:45 **Paediatric ECPR II.** NEXT GENERATION

Mirjana Cvetkovic, Uri Pollak, Malaika Mendonca

When anatomy matters – Cannulating challenges
Michael McMullan ..... 12'

ECPR in Stockholm with a focus on paediatric patients
Jonas Berner ..... 12'

The Heart Has Not Recovered – What Next?
LV decompression, catheter intervention, VAD and transplantation
Ravi Thiagarajan ..... 12'

Neuroprognostication and outcomes of ECMO after ECPR
Aparna Hoskote ..... 12'

Difficulties how to manage drugs for ECPR or pre ECPR in the vulnerable population
Pavla Pokorná ..... 10'

Future of the Paediatric ECPR
Anne-Marie Guerguerian ..... 10'

Round table discussion ..... 7'

12:00–13:00 Lifemotion Lunch Symposium

Lifemotion – a new player in ECMO

Jürgen Danek

See what's new on the market Product portfolio Lifemotion
Jürgen Danek

A historic Lifesaving Milestone with ECMO transport
Luobin Liang

Lunch break

13:00–14:00 We started recently – what to do and avoid?

NEXT GENERATION

Anna Maria Kwinta, Carlos Leon Alviar, Sylvia Belda Hofheinz

How to build an ECMO and ECPR program with limited resources
Carlos Leon Alviar ..... 10'

Krakow experience with a new ECPR programme
Anna Maria Kwinta ..... 10'

Low Volume, High Stakes: Building a Sustainable ECPR Programme – perfusion perspective
Stepan Maruniak ..... 10'

2-person crew for new cannulation strategies (HEMS vs. hub and spoke)
Alex Caffentzis ..... 10'

How to establish a regional ECPR programme – Los Angeles experience
Weiting Chen ..... 10'

Round table discussion ..... 10'

14:00–15:00 ECPR simulations tutorial – cooperation with industry needed

NEXT GENERATION

Tamas Alexy, Per Nordberg, Mikuláš Mlček, Chris Harvey

High fidelity simulations – basics to know
Mikuláš Mlček ..... 12'

Train the trainers approach – different devices, same scenarios
Eduard Argudo Serra ..... 12'

Would industry related training substitute academic?
Georg Trummer ..... 12'

Simulator using AI – new way to move forward
Mirjana Cvetkovic ..... 12'

Round table discussion ..... 12'

15:00–15:30 *Coffee break*

Posters Session 2 posters in focus: 5, 6, 7, 8

NEXT GENERATION

3'+2' for each poster

15:30–16:30 We care for our patients since the start till home...

NEXT GENERATION

Kevin Rixmann, Anna Falk, Esmee Warren

Perception of ECPR workload – nurses' call
Marie Machová ..... 15'

The Hidden Morbidity of Paediatric ECPR Survivors
Mireille Zoeteweij ..... 15'

Question we should answer to our long-term survivors
Anna Falk ..... 15'

Round table discussion ..... 15'

16:30–17:30 Reperfusion in ECPR

Alexander Supady, Stepan Maruniak

Intraarrest cooling is a viable concept in cardiac arrest
Per Nordberg ..... 12'

We Restored Flow – Did We Cause the Next Injury in a child?
Robert Jan Houmes ..... 12'

A specific neuroprotective solution should be used
Georg Trummer ..... 12'

Hypoxic hepatitis after cardiac arrest
Alexander Supady ..... 12'

Round table discussion ..... 12'

Posters

1) **The effect of individualized continuous compared to standard bolus adrenaline administration on cerebral oxygenation and cerebral metabolism during experimental cardiopulmonary resuscitation in pigs**
Jonas Dunz, Fariha Nawabi, Frederik Bartz, Stefanie Eder, Michael Dullnig, Daniel Pinggera, Philipp Geiger, Victoria Schön, Bernhard Glodny, Pia Tscholl, Judith Martini, Gabriel Putzer (AUT) ..... Posters Session 1: Oct. 31 10:00

2) **ECPR for OHCA due to pulmonary embolism: outcomes from a single-centre perspective**
Piotr Foszcz, Adrian Springer, Lukas Kaiser, Johannes Feldhege, Nele Gessler, Stephan Willems, Eike Tigges (GER) ..... Posters Session 1: Oct. 31 10:00

3) **ECPR in Latin America: reality or yet to be born?**
André Franci, Lívia Maria Garcia Melro, Henrique Mateus Fernandes, Adriely Andrade Rezende, Roberta Saretta, Roberto Kalil Filho (BRA) ..... Posters Session 1: Oct. 31 10:00

4) **Arrhythmias in Pediatric Extracorporeal Cardiopulmonary Resuscitation: cause, trigger or complication?**
Xabier Freire-Gomez, Maria Sacanell-Cabrera, Victoria Benito-Arnaiz, Andrea Riego-Martinez, Pablo Mosquera-Fernandez, Clara Aymerich-De Franceschi, Elena Montañes-Delmas, Sylvia Belda-Hofheinz (ESP) ..... Posters Session 1: Oct. 31 10:00

5) **CPR Duration Independently Predicts Coagulopathy and Endogenous Anti-Xa Activity in Heparin-Naïve Patients Undergoing Extracorporeal CPR**
Pallavi Gupta, Jan Spicak, Eva Sosnova, Jan Sipek, Jakub Jonas, Miroslav Durila (CZE) ..... Posters Session 2: Oct. 31 15:00

6) **Mechanical versus Manual Chest Compressions During Catheterization Laboratory ECPR: Procedural and Clinical Outcomes**
Stepan Maruniak, Mykhialo Todurov, Serhii Sudakevych, Andrii Khokhlov, Borys Todurov, Justyna Swol (UKR) ..... Posters Session 2: Oct. 31 15:00

7) **ECMO benefits in Out-of-Hospital Cardiac Arrest: is there more than just ECPR?**
Vanessa Tabolli, Alberto Marabotti, Giovanni Cianchi, Ester Makuz, Simona Di Valvasone, Chiara Lazzeri, Chiara Marchetti, Federico Finocchi, Manuela Bonizzoli (ITA) ..... Posters Session 2: Oct. 31 15:00

8) **Traumatic and Haemorrhagic Findings After ECPR: Rationale for Routine Early CT and Risk-Adapted Anticoagulation and Antithrombotic Management**
Jaromir Vajter, Jan Berousek, Jaroslav Hylmar, Tomas Skalicky, Katerina Slejharova, Lucie Radnicova, Lucie Nouzova, Germanas Drazdas, Tomas Vymazal (CZE) ..... Posters Session 2: Oct. 31 15:00
